_____ Flags
_____ Breakfast
_____ Cleanup
_____ Pack Up Camp
_____ Patrol Line
_____ Roses, Thorns and Buds
_____ Depart Camp
_____ Arrive at Church
_____ Unpack Troop Gear
_____ Scouts dismissed

Troop Tradition

According to tradition, Native American people who were preparing to leave for new camping grounds would place an evergreen sprig on the campfire. This simple act signified to any future visitors that the area had provided good hunting, gathering, and fellowship. The evergreen sprig itself represents everlasting life.

At the end of every camping trip, one of the younger Scouts is invited to find a fresh evergreen sprig. If the campout was good—if the trails were fair, the meals shared, the laughter real, and the fellowship strong—the sprig is placed in the campfire.
